# Part A: Pupil premium strategy plan

## Statement of intent

- At Hodnet school we intend to provide all pupils with the opportunity to succeed both academically and socially. We aim to reduce the attainment and progress gap between our disadvantaged pupils, to enable them to achieve in line with their peers. We aim to meet the needs of all learners and provide additional interventions to our disadvantaged pupils to enable them to thrive and achieve their own potential. Hodnet school is a happy, caring and safe community where we create enabling environments for all pupils to be the best they can be.
- We focus on core learning opportunities such as additional reading to ensure children can access the wider curriculum, and pastoral support to ensure pupils are settled, focussed and ready to learn. We analyse the specific needs of our cohorts and plan accordingly to ensure we can meet needs and develop our pupils based on their needs.
- We also support families by enabling pupils to have free breakfast club sessions to support working families or families in need, we also provide discounted events such as residentials and key skills such as swimming and music tuition.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Low academic attainment in Reading, Writing and Maths in KS2 (based on internal data current KS2 pupils)
2	Low academic attainment in Reading (boys), Writing and Maths (girls) in KS1 22/23 (LKS2 in 23/24)
3	Self-esteem and confidence which are a barrier to learning to a select number of pupils in KS1 and 2
4	School attendance is a barrier to learning for a select few pupils eligible for PPG
5	Healthy diet and lifestyle is a barrier to learning a select few pupils eligible for PPG

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
A narrowing for the attainment gap in reading in KS2	Pupils eligible for PPG will achieve in line with their peers and at or above NA in reading
A narrowing for the attainment gap in writing in KS1	Pupils eligible for PPG will achieve in line with their peers and achieve expected levels
Pupils feel confident and able to learn	Pupils will apply growth mindset principles to their learning styles and will achieve and make progress
Pupils attend school, learn and make progress	Pupils will attend for at least 96% of the time Pupils will access home learning if they are not at school for covid reasons.
Pupils are aware of healthy lifestyle choices and the need to be healthy, they can apply these choices.	Pupils are ready to learn when they arrive at school, they can concentrate effectively due to healthy food and lifestyle choices.

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.
