

## Market Drayton Schools Calendar Project 2024

The Market Drayton Schools Calendar Team would like to thank all the children, school staff and sponsors for their support in helping to create another successful celebration of local school pupils artwork this year. The exhibition was visited and received high praise from the Duke of Gloucester, the Lord Lieutenant, High Sheriff, MP for North Shropshire and many of our local sponsors.

Helen Lewis, Managing Director at David Willsons Homes Mercia said, 'We are proud to have supported the Market Drayton School's Calendar Project as it is vital that children are encouraged to be creative and express themselves through art. The project represents a unique UK initiative to bring 13 local schools to work together to encourage and celebrate children's artwork in and around Market Drayton on a continuous basis. We were delighted to see the incredible work of the children throughout Market Drayton and beyond being showcased. We hope this inspires the next generation of artists and commend the Market Drayton Schools Calendar Team for their fantastic work.'
